Emergency and Derailment Response

Emergency response

We are an emergency and derailment response contractor for class 1 railroads, relied on in the industry for providing expert service. Our specially trained operators and our equipment inventory of sidebooms, winch cats, finish cats, hytracker excavators and hyrail trucks are ready to respond **24 hours a day seven days a week.**

Derailment response Our specialized equipment and crews clear the right of way by re-railing cars and locomotives, or removing them from the site.

Maintenance of Way Services

Ditching and Culvert Repair, Right of Way Clean Up, Dust control, Rip Rap Work, Brush Clearing, Fire Guarding and Material Handling are services available to Jim Dobbas, Inc. clients.

Fire Prevention and Suppression Our fleet of water trucks includes a Hyrail truck, to provide fire protection on every job. All trucks are hydrant or suction load capable and are equipped with high pressure monitors.

Full Service Trucking Jim Dobbas, Inc. fleet includes 5 and 9 axle lowbeds, end dumps, bottom dump and flatbed configurations, as well as specially equipped trailers to haul 89' railroad flatcars.

All Jim Dobbas, Inc. crews are safety trained to meet OSHA industry standards. Our employees are also trained in spill control measures for hazardous materials and storm water pollution prevention. In addition our training includes a background screening on all employees and enrollment in E-Rail Safe.
